

Instructions for Bid List Submissions

1. Submit information about your company to the relevant Opus office.
2. Complete the Qualification Form and return to the appropriate Opus office. (The Qualification Form will be sent to companies that meet our project needs).

Opus is the design-builder for many retail, residential, office, and industrial projects. The subcontractors we employ **must be union affiliated**. The first step in becoming a potential Opus subcontractor (bidder) or vendor (supplier) is to submit information about your company, via mail, to the office located in the geographic region you wish to work.

Your company information should provide a detailed description of your product or service, some background on the company (time in existence, number of employees, previous projects, etc...) and references within the construction field.

If your company is a good fit for our needs, we will send a *Qualification Form* to gather the additional information needed to place you on our bid list.

Thank you for your interest in Opus, and we look forward to hearing about your company.
